Education

Bachelor of Engineering in Computer Systems Engineering

Mehran University of Engineering and Technology, Jamshoro, Sindh, Pakistan

Expected Graduation: December 2026 | **GPA:** 3.67

Relevant Coursework:

- Artificial Intelligence, Machine Learning and Deep Learning, NAVTCC
- Database Management System, MUET

Associate in Pre-Engineering

Govt. Muslim Science Degree College, Hyderabad, Sindh, Pakistan

Graduation: June 2022

High School - Science Education

St. Bonaventure's High School, Hyderabad, Sindh, Pakistan

Graduation: August 2020

Professional Experience

Intern

Mehran University of Engineering and Technology, Jamshoro, Sindh, Pakistan

May 2023 – August 2023

- Developed a YouTube Comments Emotion Recognition System with high accuracy using the Hugging Face EmoRoBERTa model, YouTube API, and Python.
 - Explored new technologies and innovative approaches to streamline processes.
 - Project Link: [YouTube Comments Emotion Recognition System](#)
-

Projects

YouTube Comments Emotion Recognition (Python)

- Built a system to create word clouds from YouTube comments based on emotions.
- Helps YouTubers analyze their audience's feedback based on comment sentiment.
- Project Link: [YouTube Emotion Recognition](#)

Movie Recommender System (Python, TMDB API, Streamlit)

- Created a GUI-based system that recommends movies based on user search.
- Helps users find relevant movies using data from the TMDB API.
- Project Link: [Movie Recommender System](#)

SpamGuard (Python, Streamlit)

- Developed a GUI-based spam classifier to distinguish between spam and legitimate messages.
- Assists users in identifying spam in emails or messages.
- Project Link: [SpamGuard](#)

Skills

- Problem-Solving | Presentations | Artificial Intelligence | Machine Learning
- Data Analytics | Excel | SQL | Power BI | Python
- Database Management | Data Management

Certifications

- **Intermediate Machine Learning** - Kaggle (1 Month)
[Certificate Link](#)
- **Meta Data Analytics** - Meta (5 Months)
[Certificate Link](#)
- **Mathematics for Machine Learning and Data Science** - DeepLearning.AI (3 Months)
[Certificate Link](#)
- **Generative AI for Everyone** - DeepLearning.AI (1 Month)
